CURRENCY EXCHANGE KIOSK

Building Size: 10'-0" x 12'-0"

Project Duration: 7 weeks

RENDERING... TO REALITY

Clean, prestigious appearance and a space efficient design.

PROJECT OVERVIEW:

Our client secured a small yet very prominent border-crossing location for his currency exchange business. This ideal site required a clean, prestigious appearance and a space efficient design to accomplish the client's requirements.

FEATURES & BENEFITS:

- Aluminum Cladding and Round-Corner design is modern and attractive.
- A high fascia/parapet/sign-band provides a bold commercial appearance and hides roof top services.
- Upper cladding panels include built-in laser-cut signs with backlighting.
- A secure interior pay-partition allows 24hr accessibility to an ATM in the customer area while protecting the attendant's area.
- Customer and attendant areas have heating and air conditioning.

FLOOR PLAN

Our expert sales staff can analyze your site, record architectural components and features, then design and propose a concept with floor plan and coloured rendering (for your approval). No obligation. Renderings assist in site plan approval.
