
**MERCEDES BENZ
NEWMARKET, ONTARIO**

Size: 10'0" x 12'0"

Date of Approval to Proceed: April 2002

Date of Completion: June 2002

Project Information:

This "24 Hour Info Centre" kiosk provides an excellent way to service the after hours used car shopper. Clients are able to use the built-in touch screen monitor to receive a printed data sheet on any automobile on the lot.

Features:

- Exterior aluminum cladding and large windows blend well with existing dealership building.
- 4'0" x 10'0" "Equipment Room" provides a secure environment for computer equipment and services.
- 8'0" x 10'0" air conditioned "Customer Area" is brightly lit and features a soft maple grain interior wall finish.
- Aluminum commercial entrance door opens with the swipe of a valid driver's license.

"Providing Shelter from the Storm"
