

PAK-III SERIES
DOUBLE ROUND-END
INFORMATION KIOSK

Building Size: 5'-0" x 13'-0"

Project Duration: 7 weeks

RENDERING... TO REALITY

High tech "Silver Bullet" Style Kiosk.

PROJECT OVERVIEW:

When a major Bus Line Company secured a prominent and highly visible location for information and tour-ticket sales, they looked to Canada Kiosk to design and build a unique, high-tech, "silver-bullet" style kiosk for their ticket sales.

FEATURES & BENEFITS:

- PAK-III Double Round-End design is modern and attractive.
- "Silver Metallic" FP-I architectural aluminium cladding system provides a bold commercial appearance.
- Raised fascia/parapet allows a signage location and hides rooftop HVAC system.
- To facilitate operational convenience, two easy sliding service windows with stainless steel exterior counters were installed.
- Interior metal clad, abuse resistant counter tops follow the straight and rounded walls to produce a full perimeter of display surface and storage cabinets.
- 360 degree glazing keeps attendants aware of the surrounding activities.
- Heating and air conditioning for year round comfort.

FLOOR PLAN

Our expert sales staff can analyze your site, record architectural components and features, then design and propose a concept with floor plan and coloured rendering (for your approval). No obligation. Renderings assist in site plan approval.
